

## Bringing Love & Money to the Caribbean

The Caribbean Tourism Organization Foundation relies on the generosity of individuals and select Corporations to provide much needed revenue for the education of Caribbean Nationals.

Giving back to the region where you do business should always be a high priority, as the return on this investment creates a much more qualified workforce and you become better corporate citizens in the environment in which you do business.

The main aim of the CTO Foundation is to provide scholarships and study grant to students and industry personnel who are Caribbean Nationals from CTO Member countries, and wishing to pursue studies in the areas of tourism hospitality and language training.

Please review the attached information and kindly contribute to this worthy cause.
